MAKE-UP POLICY FOR 2022-23: Only MTC **MEMBERS** in the **TPG, Invitational, Advanced and Advanced-Intermediate** levels are eligible to make-up a missed class!! To be eligible for a make-up class, a minimum **24-hour** notice must be given. Make-ups are **NOT** guaranteed. They are provided on a class availability basis and must be made up in the same session. Due to limited capacity and demand, make-ups will not be granted in any other levels-**NO EXCEPTIONS**.

COVID 19: Minnetonka Tennis Club will continue to follow the State orders issued by our Governor in regard to social distancing and mask wearing. This includes the staff, players and students of ALL ages on court, in the lobby and other areas of our facility.

Tiny Stars is an introduction to the sport of tennis for children ages 5-7. Each class is 45 minutes long, and having fun is the primary goal. Players will learn forehand and backhand ground strokes and volleys.

Advanced Tiny Stars is for children ages 5-7 who have previously participated in our Tiny Stars Program. The teaching staff will select players for this level. Each class is 45 minutes long and preparing for the Beginner level is the goal. Players will learn forehand and backhand ground strokes, volleys and rally techniques.

Beginner students will experience a one hour long class for children ages 7-11 who have little or no playing experience. Players will be exposed to all aspects of tennis including ground strokes, volleys, serves, and returns, along with a variety of fun tennis games. Introduction to scoring will be covered during the session.

Advanced Beginner students ages 7-11 with some formal instruction. Players will be exposed to all aspects of tennis including ground strokes, volleys, serves, returns, and match play. Students need to be able to "feed" a ball (bounce hit to another player), get in 7 out of 10 serves, rally from the baseline, and keep score before moving up to the Beginning Intermediate level. Players will need to demonstrate proper technique with emphasis on proper serve grip.

Teen Beginner is similar to the Beginner/Advanced Beginner classes, but is for players age 12 and up with limited tennis playing experience. Players will be exposed to all aspects of tennis including ground strokes, volleys, serves, and returns.

Beginning Intermediate players will experience intermediate techniques at a moderate pace. This class is for those students who have moved up from the Advanced Beginner or Teen Beginner class. Students will focus on learning basic singles and doubles strategies and must know how to properly play and score a game.

Intermediate students are required to hit all of the shots and must have the ability to play full court tennis. Improving stroke mechanics along with learning basic singles and doubles strategies is the main focus of the class. Again, proper technique will need to be exhibited before advancing to the next level.

Advanced Intermediate participants are highly motivated, hard-working players who are on their middle school or junior high teams. Players are working on topspin and slice ground strokes, spin serves, and more advanced strategies. Students must play a minimum of two times per week; exceptions will be made for those participating in another same- season sport, with approval by the Junior Tennis Director.

Advanced players have mastered topspin forehands and backhands, spin serves, and display game strategy when playing each point. Students at this level & above should play a minimum of two times per week; exceptions made for those participating in another same season sport, with approval by the Junior Tennis Director.

Invitational students are typically on their respective high school varsity or junior varsity teams AND compete in tournaments. Students must demonstrate dedication to developing their games! Players will be able to demonstrate a variety of strategies throughout their matches. Players are **selected by the teaching staff**.

Tournament Players Group Players will be selected by the teaching staff. Players must play at least 2 times per week and are expected to independently register for a **tournament EACH session**. Conditioning and physical training are major components of this class.

Note: Course offerings may change due to enrollment interest and demand. At various times during the year we may make modifications in the schedule to accommodate juniors moving into and out of classes.

Members **pre-registering** for more than one session will be charged **15% per class** at time of registration. Balance of class fees will be billed to your member account on the start date of the class. Fees billed to your account are non-refundable. Cancellation of classes are not allowed within 21 days of the **session start date unless ordered by a physician**.

IMPORTANT: At times, the level above may be full. In those cases, we may have a "hybrid" class of mixed levels. Although very rare, the teaching staff does reserve the right to move a student **down** a level if the student's performance is below the expected level of the class.
